James and the team at Northern RV are a pleasure to deal with. They gave us great advice and we were able to get everything we needed for our trip all through them. Thanks Guys.

HI ,

I ordered a fresh water tank by mistake last Friday week online and phoned on Monday morning hoping to change my mistake. I spoke to George and he sorted it out in a couple of minutes and I received the grey water tank I wanted on Thursday, as I live in Hervey Bay QLD I thought this deserved a little praise and thanks to all involved.

Thanks again,

Glen Knott.

George,

Received tank and fittings. Everything fitted and will work when needed. I would just like to now thank you for your assistance and knowledge of your product and what was needed to fit and hook up same. You do not always get this type of assistance, when using the telephone. Thank you again.

Kind regards,

Robert & Vicki Leadbeatter
